The PSI Zuoz summer school entitled “*Effective Theories in Particle Physics*” took place from July 16 – July 22, 2006 in the “Lyceum Alpinum”, Zuoz (Engadin), Switzerland. It was the 17th in a series of schools on particle physics organized by the Particle Physics Theory Group of PSI. Among the 65 participants from 18 different countries, 13 came from PSI, another 5 from Switzerland, 43 from the rest of Europe, and 4 from overseas.

This school would not have been possible without the help of many people and institutions.

We thank the directorate of PSI for the continuing support of the Zuoz meetings.

We are obliged to the members of the program committee, *R. Horisberger (PSI)*, *K. Kirch (PSI)*, *U. Langenegger (ETH Zürich)*, *M. Spira (PSI)*, and *D. Wyler (U. Zürich)*, who helped us to set up the program and to select the speakers.

We thank the speakers, *R. Barbieri (Pisa)*, *M. Beneke (Aachen)*, *G. Colangelo (Bern)*, *H. Leutwyler (Bern)*, *A. Manohar (San Diego)*, *L. Simons (PSI)*, *M. Sozzi (Pisa)*, and *U. Langenegger (ETH Zürich)* for delivering well-prepared, excellent and inspiring lectures, for being available for discussions with the participants at Zuoz, and for making their lectures available via the school’s WWW page.

Valuable help for all kinds of little and heavy tasks was provided by the members of the Particle Physics Theory Group of PSI before and during the meeting. In particular, we are indebted to M. Walser, who explored the nice excursion to the Piz Nair near St. Moritz, and to B. Jantzen, who prepared and took care of the computers and internet connections at Zuoz. We also thank all the participants who served as chairpersons, gave seminars, or contributed to the lively discussions.

We are very happy that this series of meetings can take place in the unique surroundings of the “Lyceum Alpinum” in Zuoz which provides not only excellent food, lodging and service for the participants but also adds a particular flair to the atmosphere of the summer school. We are very grateful to the rector of the Lyceum, Dr. B. Sommer, for the continuing hospitality, to Mr. B. Hübner and Mr. D. Bezzola for the pleasant cooperation in administrative matters and to the Lyceum staff, in particular to Mrs. S. Brunies and Mr. H. Berner, for making our stay in Zuoz enjoyable.

Finally, it is a real pleasure and a necessity to thank our secretary Mrs. Anita Van Loon for her untiring efforts in handling all administrative issues and organizational affairs of this school. Without her professional, efficient and devoted work this meeting would not have proceeded so smoothly and successfully.
